EXAGON ????????????
???????????? ?? ???????

Exagon Engineering is a leading provider of software solutions for the beauty industry. Our products, including Exagon Touch and Exagon Tricology, are designed to streamline operations and enhance customer service. With over 18 years of experience, we have a proven track record of success. Contact us today to learn more about our solutions.

EXAGON TOUCH ????????????

Exagon Touch is a revolutionary software solution for beauty salons. It allows customers to browse products, make appointments, and manage their accounts all from their mobile devices. This technology increases sales and improves the overall customer experience.

EXAGON TRICOLOGY

Exagon Tricology is a comprehensive software solution for hair salons. It provides a central platform for managing inventory, scheduling, and customer relationships. This software is essential for maximizing efficiency and profitability in a competitive market.

EXAGON ?????? ????????????

Exagon offers a range of software solutions tailored to the needs of different beauty businesses. Whether you are a small salon or a large chain, we have the right solution for you. Our software is easy to use and integrates seamlessly with existing systems.

EXAGON ?????? ????????????

Exagon's software solutions are designed to be user-friendly and intuitive. Our customer support team is available 24/7 to assist with any questions or issues. We are committed to providing the highest quality service and ensuring our clients are satisfied with their investment.

EXAGON 4MOBILE

Exagon 4Mobile is a mobile-first software solution that allows beauty professionals to manage their business on the go. This software is perfect for stylists and salon owners who value flexibility and convenience. It provides all the tools you need to run your business successfully, wherever you are.
