VITAPELLE the SNAIL SLIME

regenerates tissue slowly, steadily

Recently, cosmetic research has been focused on the enhancement of natural sources. Among these, stands out the snail slime, natural secretion that ensures:

- HYDRATING ACTION;
- ANTI-AGE ACTION;
- NUTRITIVE AND REGENERATING ACTION;
- SOOTHING;
- EXFOLIATING, CLEANSING;
- HEALING ACTION.

FACE CREAM SNAIL SLIME

Regenerating and antioxidant cream that nourishes the skin and improves tone and elasticity. The Exfoliating action visibly reduces blemishes due to acne, Burns, spots and scars.

REGENERATING FACIAL MASK SNAIL SLIME at 6%

Restores the skin's natural moisture balance. Exercises on skin a nutritive and antioxidant action, besides eliminating gently dead skin cells of the epidermis. It also has a natural Exfoliating action reducing visibly skin blemishes due to acne, Burns, spots or scars thanks mucopolysaccharides that constitute the Burr snail.

PATCHES SNAIL EYES BAGS AND ESCIN

Offer concrete help to counteract wrinkles, puffiness and dark circles. Escin has a strong protective vessel and is highly effective in treating stagnation of fluid in the tissues. The Patches are enriched with green tea which has a draining effect on the microcirculation, Ginkgo Biloba consisting of bioflavoni that promote the peripheral circulation, Ivy and Horsetail that stimulate fibroblasts in the DermIS giving elasticity to the tissues, Aloe vera, rich in vitamins, minerals and amino acids combats radiation damage and has emollient, softening and refreshing.
