### SYNTHETIC WIGS FOR LAST PARRUCHE SINTETICHE DI ULTIMA

#### GENERATION

The line of synthetic wigs that offers Hair Trade Italy, was built with high quality material very similar to the hair, which combined with modern colors and styling becomes a viable alternative to natural wig.

In problems that require the use of wigs for short periods, such as in chemotherapy treatments, synthetic wig becomes advantageous because :

- Immediate availability of the wig.
- Easy portability wig less weight than natural hair.
- The visual effect that is natural and highly satisfactory despite the lower price compared to a wig in natural hair.
