SHE: HAIR EXTENSION

SHE made ??famous the system of hair extensions in the world. He started in 1995 by publicizing their locks in natural hair keratin-based and now has made it an essential service in any beauty salon and for any serious professional. He continues to be the market leader in five continents, offering excellent quality and wide range of accessories for hair extensions. SHE works and produces, even in the form craftsmanship, their products based on natural hair, in their own factory in Italy. It is known worldwide thanks to its range of top quality and excellent results, as for its production uses only Indian and Indo-European remy hair. The brand is synonymous with SHE **hair extensions** , and its products are used by celebrities in fashion, music and entertainment. Entering the world of SHE means to hear the customers as the Star.
