BLEACHING POWDER COMPACT NO AMMONIA : WHITE AND BLUE

The ammonia-free bleach powder compact allows you to get streaks of color, light strokes and a strong discoloration, working gently on the natural pigment of the hair. It has a pleasant scent of roses, which makes it soft and pleasant during application (both for the hairdresser to the customers). Furthermore, the product remains thick, so as to leave the hair hydrated during the time of application. Contains material which leave intact the structure of the hair, making a significant brightening. The discoloration occurs through the presence of potassium sulfate and sodium persulfate.

method of use : every 30 grams of bleaching powder compact, mix 60 ml of milk oxidant at 10, 20, 30 or 40 volumes in a plastic bowl depending on the effect of bleaching desired. Shake well, then using a brush, apply the mixture on the locks for decolorarle.

Approximate time of application : Depending on the volume of milk oxidant used : 10 to 15 minutes for a discoloration average, 15 to 30 minutes or strong bleaching streaks.

box: bag of 500 gr
