coloring Fast

Ten minutes of exposure to obtain a coloring impeccable and long lasting. PROFESSION RAPID COLOR fact integrates the innovative formula Color Boost that accelerates the process of coloring thanks to the presence of components based on ion keratin. These allow the color pigments to penetrate more quickly into the hair fiber and to obtain a uniform result. The formula is enriched by treating specific ingredients to make hair soft and shiny.

Shades available in 12 shades that embrace the full range of shades - light, medium and dark - ensuring a perfect coverage of white and two levels of lift.
