THE COLOR SUPERSCHIARENTE IL COLORE SUPERSCHIARENTE

self-protective oxidation color cream

Lightens natural hair by more than 4 tones and is gentle, enhancing the natural color with amazing play of light. The formulations are designed to achieve intense reflections in the maximum respect of the hair fiber. The extract of Limnantes dawn, the plant family Rosaceae, effectively protects the stem and optimizes brightness and seal the final result. It has a pleasant scent, does not cause burning sensation on the skin and rinses easily.

Shades available in 6 shades
