CREAM COLOR DELICE CREMA COLOR DELICE

To effectively respond to the desire of cosmeticità and delicacy. Gentle hair coloring cream enriched with Natural Complex based on:

- Cera Alba : the complex nature of the substance produced by bees in special glands cerifere from honey. Cera Alba is very rich in esters, hydroxyesters, alcohols and long chain fatty acids. By virtue of this rich composition is extremely effective in performing emollient and protective, making the cosmetic treatment of the delicate coloring and less aggressive.
- Coconut Oil : is obtained from the dried pulp for subsequent pressing and refining. It is a plenty of oil used in cosmetics and food ; offers significant benefits for the care and health of skin and hair so it is highly valued for its cosmetic properties. In particular, by virtue of its emollient gives the hair softness and silky touch.
- Extracts of Yogurt: yogurt, rich in lactose, proteins, lipids, minerals and vitamins helps to keep your hair healthy and vital, improving their appearance.
- Absence of Ammonia : the effectiveness of the result is obtained without the use of ammonia to eliminate unpleasant odors and reduce the action of hair swelling.
- No PPD : a careful research process has allowed us to select oxidation intermediates by the high standard of purity for maximum effectiveness color.

Shades available in 29 shades divided into families : NATURAL BEIGE MOCHA, GOLD, COPPER, RED. It is distinguished from the other nuances the series TONER, as dedicated to streaking and toning bleached hair.
