CREME DEVELOPER

special perfumed formula oxidizing emulsion

Specially designed to develop optimally CURTICOLORCREATION®, allows you to get any staining with safety and respect of the hair structure. It is stable in time and its creamy base has a cosmetic effect that respects the hair. Ideal for mixtures with coloring products, even in the gel, allows to obtain a cream smooth and compact. It does not drip and ensures perfectly uniform results.

Available in versions: 10, 20, 30 volumes

box: 1000 ml bottles
