COLORDESIGN CREAM OXIDANT COLORDESIGN CREMA OSSIDANTE

The best coloring products would lose many of its characteristics if it were mixed with an oxidizer of the same quality. It is for this reason that COLORDESIGN made the emulsions oxidants with soothing and conditioning ingredients and perfectly stabilized oxygen content, in order to work synergistically with both the system COLOUR COLORDESIGN that with the products BLEACHES COLORDESIGN. A scented carefully calculated optimally covers the ammonia content, without being excessive even in salons where you perform many coloring services.

Available in versions 10, 20, 30, 40 volumes of color + activator 7:13 vol

box: 990 ml bottle
