PERFORMANCE TECH READY OXY

Emulsions designed to act on all types of hair, with results stabilized in tempo. Realizzano perfect mixing with both gels, both with creams. The emulsions performance oxy ready in 10 - 20 - 30 - 40 volumes of hydrogen peroxide have been studied specifically in creamy form to reduce the aggressiveness of the oxidant side. They allow oxygen nascent state that is free from hydrogen peroxide exert activity on the hair optimally and in depth, up to the seat of the melanin pigment, without seriously damaging the structure of the stem. Properly used, emulsions PERFORMANCE READY OXY allow you to achieve excellent results even on hairstyles delicate and debilitated.
