CREAM ACTIVATOR

acts in synergy with the basic dye treating SENS.US CREAM COLOR (M3K, VELVET and MC2) to better penetrate into the hair, for a superior cosmetic effect. The product provides a better homogeneity of mixing and better oxidation which stabilizes the color and of the same duration in time. A synergistic system that represents an absolute guarantee for the color service in the salon.

box:

- CREAM ACTIVATOR is available in bottles of 1000 ml volumes at 10-20-30.
- COSMETIC FIX is available in bottles of 1000 ml in 20 volumes.
