GLAM COLOR ADVANCED GLAM COLOR ADVANCED

Biothetique has developed GLAM COLOR ADVANCED a product that makes your hair more soft and fragrant, ensuring a brilliant color effect. The GLAM COLOR ADVANCED makes hair shine of new luster regardless of the color tone of the hair and independently from the fact that the hair is already colored, that has streaks or is natural. Has an effect handling and its properties refresh the color. The conditioner is easy to use and gives the hair of vital reflexes, a very glam shine, protecting them in depth in a few minutes.

method of use : Apply evenly to damp hair immediately after shampooing. Disentangle with the comb, if necessary. Depending on the structure of the hair, leave on 3 to 10 minutes. In the case of dyed hair, the shutter speed should never exceed 3 minutes. Hair not colored, however, depends on the intensity of the effect you want to achieve. The shutter speed can go from three to ten minutes.
