REVIVOGEN NATURAL SCALP THERAPY REVIVOGEN NATURAL SCALP THERAPY

baldness treatment based on natural extracts

The patented formula of Revivogen is a natural solution to combat hair loss for women and for men who suffer from alopecia. It is completely safe, based on proven scientific studies. Revivogen is a system that gives the maximum well-being, because its composition is very rich in botanical extracts and hydrolysates enzymaticamente elements and free of irritating components such as various sodium. The primary objective is to rejuvenate and normalize the scalp. NATURAL SCALP THERAPY Revivogen is exalted in drastically reducing the DHT (dihydrotestosterone), the main cause of baldness androgenic, with an almost total success by as much as 88 % of regrowth in the treated cases.
