AXENIA ULTRAREFLEX CREAM nourishing color cream

is a nourishing color cream that has a dual action on the hair : color temporarily stepping reflections and streaks of colored hair, and thanks to panthenol, provides the results of a nourishing mask. Hydrolysed proteins and amino acids condition and moisturize your hair. The complex silicone anti- heat stress reduces the drying time protecting the hair from heat and contributes to a greater resistance of the reflection between one application and another. Hair is soft, silky and shiny. It contains no ammonia or colorings oxidation.

SPECIAL E.P.G

balancer yellow pigment

Special nuance of ULTRAREFLEX CREAM, is a balancer of the yellow pigment : nourishes and neutralizes unwanted yellow tones temporarily present on hair colored and highlighted hair. Thanks to its opalescent and balancing acts on the synthetic pigment, giving a natural reflex, the result can not be reached with a traditional alkaline dye.

Shades 6 available in other shades, which are essential for living room, delicately scented with grapefruit : BROWN, RED, COPPER, VIOLET, GOLDEN, EPG

method of use : distribute with a comb, towel-dried hair. Leave on 3 minutes. Rinse

box: flacontubo 150 ml
