KEEP IN COLOR - POST- COLOR TREATMENT

POST COLOR SHAMPOO - pH 4.3 - 4.8

It contains Aloe Vera extract with firming and moisturizing properties that allow you to restore the natural moisture content of the hair. Due to its pH treatment promotes the closure of the scales enhancing the brilliance and color durability. Essential after any color treatment.

box: bottles of 100, 250 and 1000 ml.

POST MASK COLOR - pH 3.3 - 3.5

The extract of Aloe Vera and Panthenol with a polymer latest design ensure high color protection from weathering and exposure to UVA and UVB rays, with an antioxidant effect and thus a longer life, color brightness and elasticity of the hair.

box: tube 50 and 150 ml, 1000 ml jar.
