KERABOND : MOISTURIZING RESTRUCTURING

for skin and hair dry and / or treated

MOISTURIZING WASH

Shampoo Shampoo enriched with moisturisers, liposomes, film-forming and conditioning properties. It hydrates the skin and hair, giving softness and hydration.

PURE MOIST

Microemulsion microemulsion conditioner without rinsing rich in anti -oxidants and nutrients with liposomes and collagen hydrolyzate. Suitable for dry hair natural and chemically treated.

MOIST CONTROL

To form liposomes, complexes with silicone conditioning agents and nutrients.

REPAIR COMPLEX

Specific fluid rich in silicon with high factor agents nourishing and conditioning. Prevents and removes the formation of split ends.
