DERMOPURE - SEBOCONTROL

sebum purifying treatment with extracts of burdock and clay

To combat excess sebum, due to psycho-physical stress, weathering and pollution, FreeLimix studied DERMOPURE, a line sebum -regulating purifying. The burdock with its astringent properties normalize the bacterial flora of the scalp and prevents redness and irritation. The joint action of selected components (Birch Tree, Cacao and olive oil), strengthens and nourishes the scalp and hair, giving them a healthy, soft and shiny. The clay is rich in minerals and trace elements implements a process of osmosis through which absorbs impurities and dead cells from the scalp and gives the minerals necessary for its revitalization.

- **1 LIGHT FLUID DERMOPURIFYING** : in case of slight excess sebum, apply before shampooing as refreshing and soothing.

box: vial with applicator nozzle 150 ml

- **1 CLAY MASK** : use of hair very dull or very heavy. Apply to dry or slightly damp hair, thanks to the properties of the clay absorbs impurities and balances sebum production.

box: 200 ml tube

- Sebum Regulating Shampoo **2** : to be applied after treatments 1 1 Light, SHAMPOO DERMOPURE is an effective cleanser and has an antiseborrheic purifying and normalizing the bacterial flora.

box: 500 ml bottles

- **CLAY SHAMPOO** : shampoo sebum regulator with clay and burdock. It cleanses the scalp and hair in depth. Toxins and impurities from the hair go green clay, which in turn sells minerals that promote the revitalization of the hair and scalp. The high content of silica present in the clay allows for a gentle exfoliation and removal of dead cells, revealing the newer ones and vital. Notes renovating and purifying clay is added to the soothing and moisturizing of burdock and dell'Hamamelis that prevent irritation and redness.

box: 250 ml
