EUDERMIQUE : TREATMENT FOR THE PREVENTION OF HAIR LOSS

EUDERMIQUE: TRATTAMENTO PER LA PREVENZIONE DELLA CADUTA DEI CAPELLI

ARNICA BATH

bathroom cleaner with arnica extract

Bathroom cleaner eutrophic adjuvant in the prevention of hair loss.

method of use : apply and leave for a few minutes. Rinse thoroughly.

package : bottles of 250 and 1000 ml.

ARNICA LOTION

lotion with extracts of arnica

Lotion with a very low alcohol content, thanks to extracts of nettle, arnica, capsicum and ginseng, carries out a proper stimulant action against the scalp. Ideal as an aid in the prevention of falling hair.

method of use : cleanse your scalp with the most suitable EUDERMIQUE bathroom cleaner, rinse thoroughly, then apply evenly on the scalp the appropriate amount of product, massage gently. Do not rinse.

box: box of 12 vials.
