GENEA

trichological line for "To Care"

Trichology, from Greek thrix (hair) and logos (study) literally means the study of hair and everything that concerns them, including any abnormalities. The trichology cartel just as science, already exists since ancient times and therefore is not a recent discovery. Lately, however, this term has been spread wide but not always entirely relevant. It is indeed, tried to give this discipline, advertising, for reasons often features not relevant. Take care, is for us of ÉLEGY HAIREVOLUTION, simply means knowing your hair, know the structure and the mechanisms that regulate the growth, know the causes of the phenomena affecting them, aim is to prevent to treat any blemishes to their related. Therefore, we believe that greater knowledge we have of the matter with which we operate, more results are available. Technical/scientific staff of ÉLEGY HAIREVOLUTION, with his profound knowledge in this area and with the contribution of expert professional hairdressers, created GENE is a line of products to meet every need.
