excessive sensitivity is a characteristic that we must learn to control. Velour is a program sedative and tranquilizer formulated to restore balance and relieve skin irritations and redness. The soothing and revitalizing of the assets that make up the plant formulations make it a resource for specific cases of sensitivity and irritation of the scalp.

Soothing Shampoo pH 5.5

With Lavender and Wheat germ, acting cleanses very gently on the skin. Soothes irritation and gives a feeling of immediate relief, leaving hair soft, manageable hair and bright.
packaging: bottle 250/1000 ml

Lotion tranquilizer pH 6

An intensive treatment that gives elasticity and moisturizes the skin. Counteracts the activity of free radicals, neutralizing the damage caused by UV radiation. The action of the rich pool of active functional (including Lavender and Calendula) facilitates cell growth and rebalances the skin lipid metabolism.

Lotion dermorelax pH 4.5

Thanks to the combined action of Zanthalene and Bisabolol, this intensive treatment eliminates itching, discomfort and tensions that affect the scalp. It is immediate action to quell all types of skin irritation, and an excellent SOS pre and post technical services.

box: 6 ml vials x 12 pcs
