ANGEL BRUSH REVOLUTION

Roller BRUSH boar along with natural wooden COMB INSERT

A revolutionary brush that changes the way you dry your hair and helps to restore the natural beauty and health of those early passes. The handle and the comb are made of beech wood with FSC ®-certified 100% "Pro Grip" ' special milling for better grip. The beech wood comes from forests properly managed according to strict environmental standards. Unlike common plastic Combs is perfectly polished and finished wood loosens knots without electrify or deconstruct the hair. Pure Boar bristle strengthened not only thickens the hairstyle but polishes the hair making it soft and fluffy. Continued use helps restore hair structure eliminating erosion caused by iron plates and brushes. ANGEL BRUSH is available in four sizes is ideal for short hair ' medi ' long and very long. Due to its characteristics and its ergonomics is easily usable by themselves. Antistatic. Handmade. Made in Italy.

Features:

- Pure Boar bristles with volumizing effect • soft and fluffy: the hair making it shine;
- wooden comb that allows you to untie the knots without electrify or deconstruct the hair;
- "Pro Grip" handle with special grooves that facilitates the use of the brush when brushing.
