HUILE GÉNÉREUSE

sun protective oil for dry and very dry hair

protects hair exposed to UV rays from the sun and by the erosion of salt and chlorine, with a bright and brilliant. On the basis of:

- Ceramides (to reinforce the structure of the hair fiber)
- UV filters (known for their protective effect against photo-degradation of the fiber)
- Vitamin E (to preserve the shine of the hair)

method of use : spray evenly throughout the hair, before and / or after exposure to the sun.

box: no gas spray bottle of 125 ml.
