EXELIA ION TOURMALINE JUST PERFECT HAIRSTYLE AND BRIGHT

LUMI VIRTUALE ION TOURMALINE embodies the most advanced technologies to combine the best of results at maximum practicality. IHT technology Plus dies reach desired temperature in a few moments and uniformly, tourmaline protects and gives shine to hair while a cascade of negative ions eliminate Frizz in a lasting way. The ease of use is guaranteed by the LCD display from swinging and dies from Button-Lock system to prevent accidentally changing the selected temperature while the Soft Touch and the Silicon Tip and grip provide anti-burn an impeccable safety.

Features:

- IHT Plus Technology is always ready for use, in a moment;
- Ion Plus Technology ever more Frizz.
- adjustable temperature, option to choose the ideal heat from 160° C to 230° C;
- Suspension System, delicacy and utmost care of the hair;
- dies in tourmaline for hair healthy and protected.
