KERATIN REPAIR SYSTEM

Smoothing - Restorative - frizz

KERATIN REPAIR SYSTEM is a unique treatment for reconstruction of the hair fiber. Thanks to the high content of natural keratin, the hair becomes more disciplined, soft and shiny, easy to comb and blow dry, reducing up to 90% of frizz and curl natural hair. On treated hair, curly, frizzy or damaged by excessive exposure to the elements keratin also bring volume and body, giving vitality. The reduction of frizz and curls, restructuring and conditioning the hair fibers are processed through a smoothing process for regenerating action of keratin activated by the heat of the plate. Hair color does not observe color changes or discoloration will occur, but rather more long-lasting dye in terms of brightness and riflessatura. In this case you can make the treatment immediately after staining or discoloration. After the treatment the hair is relaxed present, even if not perfectly smooth. For a total and perfect ironing treatment can safely be repeated for always maintain the best conditions of the hair.

KERATIN REPAIR SYSTEM will last for 2/3 months, throughout this period, combing and drying time will occupy half the time.
