FARMAGAN MEN HAIR COLOR FLUID

FHC MEN FLUID offers a full range of shades and allows to realize the coloring so fast and easy. It guarantees the identity of an effect of chromatic nuance chosen. FHC MEN FLUID has a progressive release of pigments which prevents the growth effect or white line and allows you to reapply the product without generating overlap.

Shades 4M - 5M - 6M - ANTHRACITE.

method of use : into the shaker. Add the entire contents of the envelope of the well fluid. Close the shaker and shake for 30-40 seconds. Open the shaker and apply the mousse obtained on the hair as if it were a shampoo. Spread out the roots, lengths and ends. The product can be applied with any other technique (eg. on the root with the brush, on the lengths with a comb, etc..). Shutter speeds : to get a result light and transparent leave for 5 minutes, then emulsify and rinse. Then proceed with a shampoo after - color with delicate or possibly with a neutralizing treatment. To get a more intense and opaque leave for 10 minutes, then emulsify and rinse. Proceed then with a shampoo after - color or delicate and optionally with a neutralizing treatment.

packaging : box of 6 sachets, activator fluid.
